East 5:
Community Habitat Enhancement Project

East 5 Mission

- Steward a healthy, diverse native greenspace in pursuit of a healthy Southeast Portland community.

- Provide access and opportunities for environmental education and public programming for underserved communities.

- Center healing, connection, and reciprocity using place-based practices, social-emotional wellness, and equity-based decision making.

Native Land Tending and Restoration

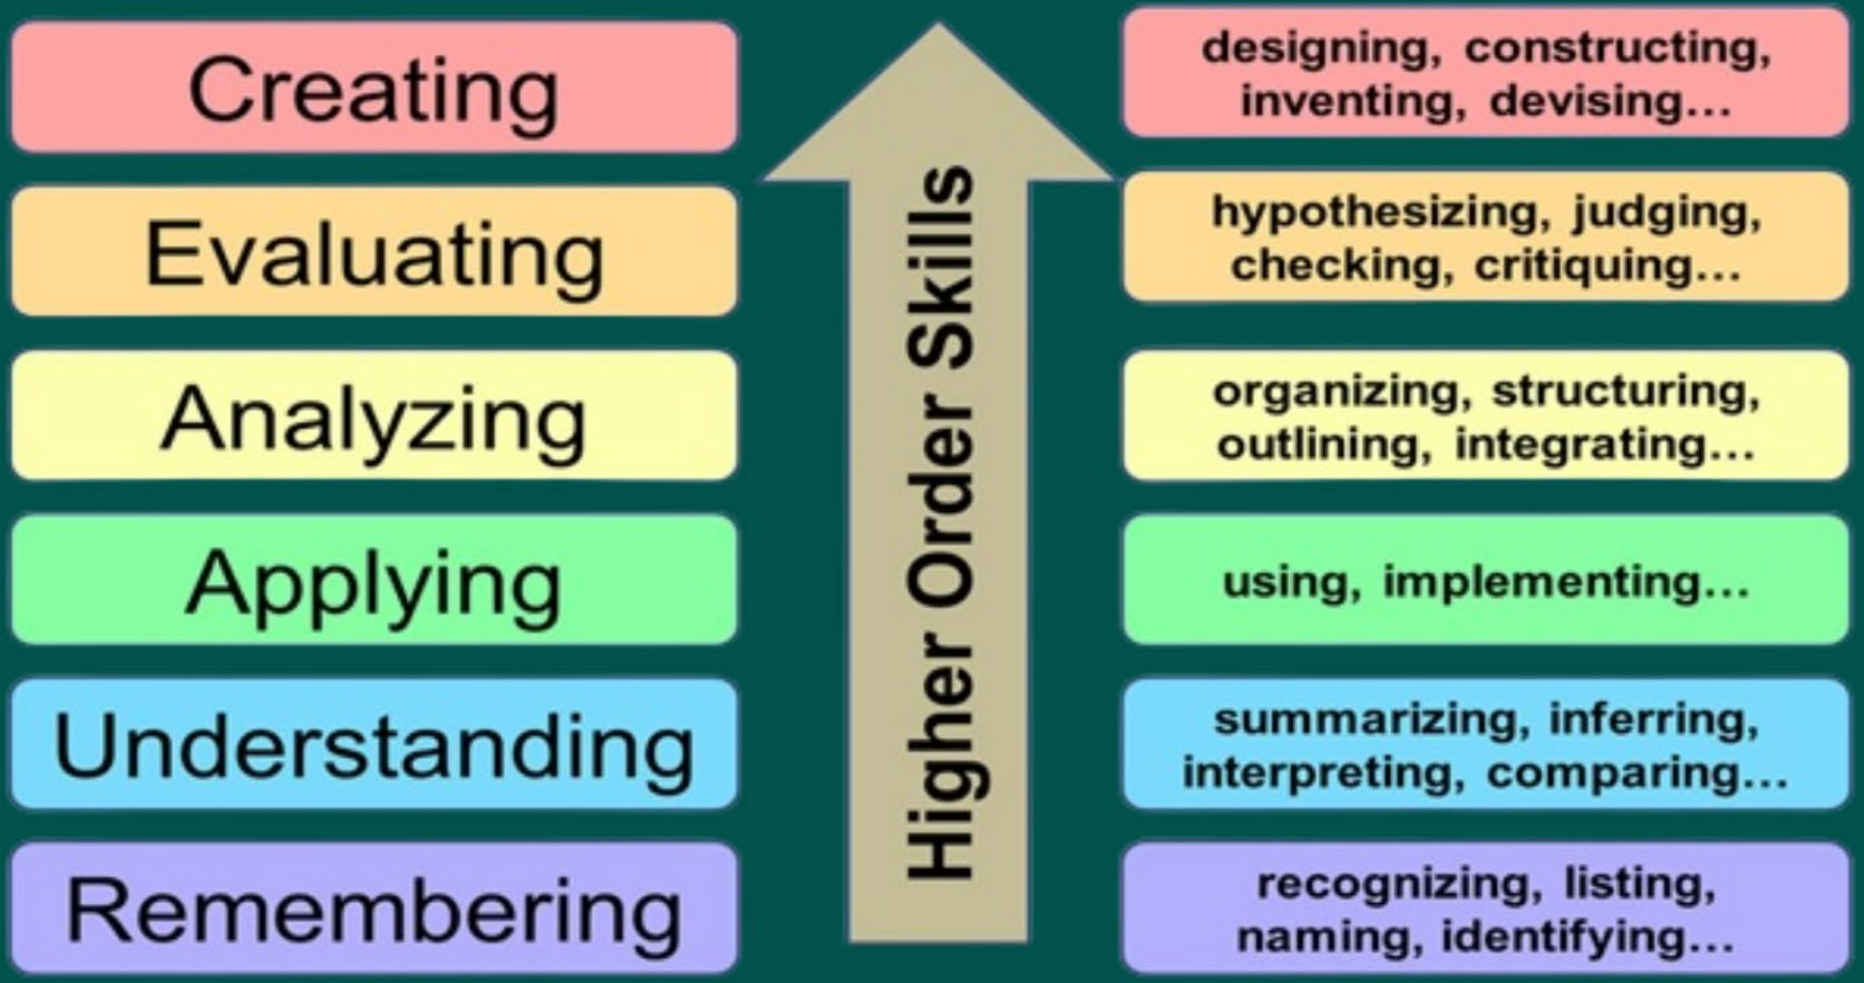

Equitable Envrionmental Education

Equitable EE: Critical Thinking Skills

Equitable EE: Social-Emotional Skills
